

# ART and ENVIRONMENT

Influence of Arts on culture has long been acknowledged.

No wonder how our culture shapes our future  
& future of the physical world we live in

# Time for Arts to raise awareness in environmental sustainability!

Before it is  
too late!

Art has already been a great way to raise awareness for environment.

More to be done to foster power of Arts in raising awareness for the environment.

# MAIL ART

.... An effective way to raise awareness...

MAKE SURE message delivered @! ☺

Let's boost the  
effect of Mail Art on  
our culture and  
environment in  
today's workshop  
together

Get your 'hands on' the environment!

Mail Art is a  
'tool'  
for change!

Why not leave some views and tips on  
environmental sustainability

*.....for next generations*

*....through mail art*

let them know  
You love the planet!

And you care about nature...

.. about them

Micro...plastics...HUGE  
issue!!!

We find them on the beach- in the sand!

*We have it in the toothpaste*

*Goes to the ocean*

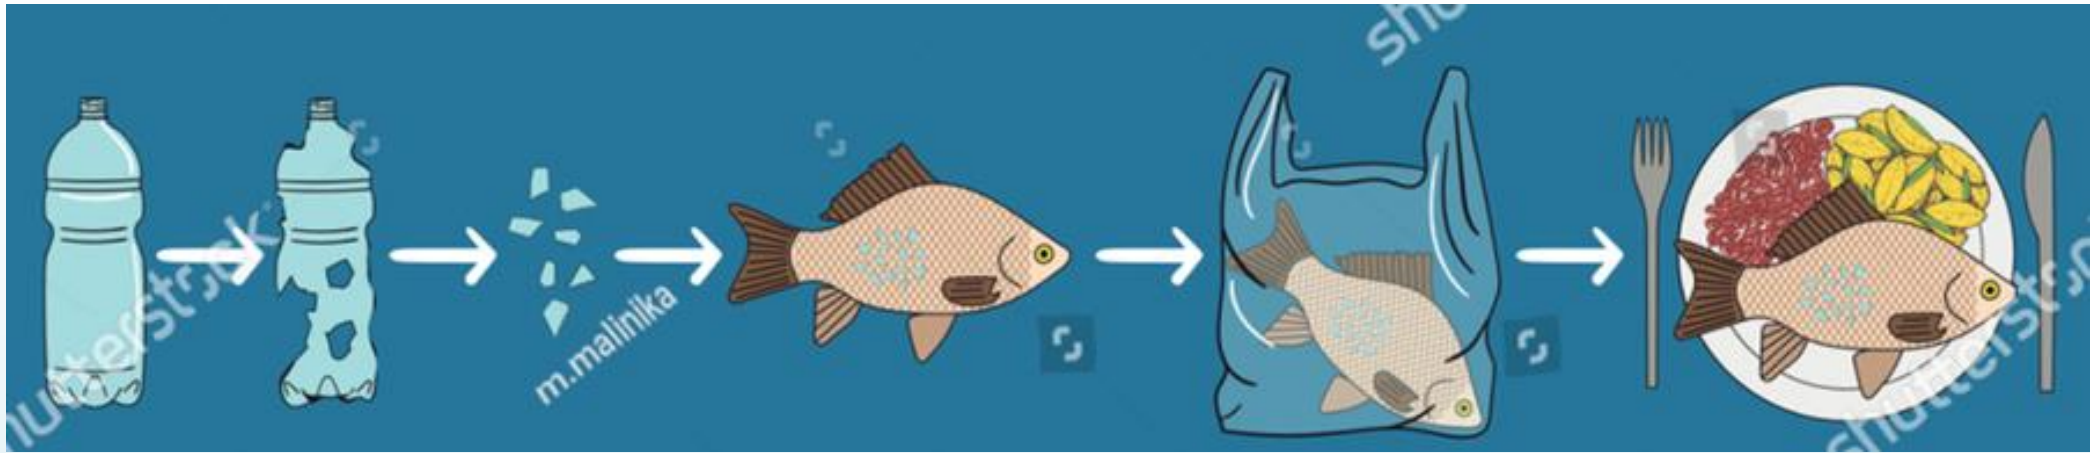

**Mmmm...they  
taste nice!**

Ends in  
our  
plate

**Waste...NOT!!! Reuse it!!!!**

**ENTREPRENEUR!!**

# Recycling plastics and turning them into paper

# Sustainability enhanced!

Recycled  
paper  
should be  
for a better  
use!

We are getting  
involved in it  
today!

It is your turn to give it a bit of a glimpse!

Hands-on for creating letters and envelopes on recycled paper

Add your feelings and thoughts to 'sustain the environment' !!!!

Send your love to the cared ones...

THANK

YOU !!!
